About me

Third-year B.Tech AI & Data Science student seeking software development internships. Skilled in Java, Python, HTML/CSS, SQL, and building web applications with a strong foundation in DSA, DBMS, and OOP.

Education

Bachelor of Technology (B.Tech) – Artificial
Intelligence and Data Science
Mumbai
Current GPA: 7.44

2024 – 2028
Thadomal Shahani Engineering College,
Mumbai

Experience

AIESEC in India – Junior Manager, Incoming Global Talent
2026 – Present

Conduct candidate interviews and communicate directly with prospective international talent throughout the selection process.

Support candidate outreach, follow-ups, and coordination across the Incoming Global Talent team.

Skills

Languages: C, Java, Python, HTML, CSS, JavaScript, SQL

Technologies & Tools: Git, GitHub, VS Code, MySQL, Jupyter Notebook

Core Subjects: Data Structures & Algorithms, DBMS, OOP, Operating Systems, Computer Networks

Projects

Turf Booking & Management System

Designed a simple web-based system to manage turf slot availability and user bookings using HTML, CSS, and basic backend logic.

Live Demo: turfitup.netlify.app

Feedback Collector System

Designed and developed a web-based feedback collection system that allows users to submit feedback through a simple interface, with responses stored and managed efficiently.

Live Demo: feedbackcollectorsystem.netlify.app
